Conditions of loan

- **Return of equipment:** Loan equipment remains the property of MND TAS and must be returned to ILCT when no longer required so it is available for other Tasmanians with MND. If you have no way of returning the equipment, please contact your MND advisor.
- **Care:** You are responsible for the care and general upkeep of the equipment until it is returned to ILCT.
- **Maintenance/repairs:** If you suspect any broken or faulty equipment, please contact ILCT to discuss any necessary repairs or maintenance.
- **Reassessment:** If the equipment on loan no longer meets your needs, please contact your MND Advisor or Support Coordinator to access a reassessment from a health professional.
- **Loan payment:** For NDIS participants, ILCT will invoice your NDIS plan for the agreed loan fees detailed in the loan form on behalf of MND TAS.

About the MND TAS Equipment Library

The MND TAS equipment library was established with donations and grants to increase access to communication equipment for people with MND or Kennedy's disease in Tasmania.

The MND Association of Tasmania was founded in 1986, to assist people living with MND and their carers by providing useful and informative information, assisting with equipment needs, raising the profile of MND in the community, and raising funds for research into MND.

If you wish to assist MND TAS, find out more information, donate, or leave a legacy donation, please go to <https://www.mndatas.asn.au/> to contact us.
