

Are you deeply dedicated to enriching the lives of individuals and families facing disabilities and the challenges of ageing, we extend a warm invitation to consider an exciting opportunity to become a part of the Independent Living Centre (ILCT) Board of Management Committee.

Why Join the Committee? Being a part of the ILCT Board of Management Committee means playing a pivotal role in shaping the strategic course of our organisation. As a committee member, you will have the chance to:

- **Foster Positive Impact:** Contribute to the growth and influence of services for people with disabilities and those experiencing ageing in Tasmania, positively impacting the lives of those in our community.
- **Strategic Vision:** Collaborate with fellow committee members to establish objectives, define priorities, and drive initiatives aligned with our mission.
- **Advocacy:** Advocate for the importance of empowering those with disabilities and the ageing population, and champion improved policies and support systems.
- **Personal and Professional Growth:** Elevate your leadership, governance, and decision-making prowess while leaving a lasting imprint on the lives of others.

**Who We're Seeking:** We are actively seeking individuals with diverse backgrounds, expertise, and experiences who share a common commitment to enhancing the lives of individuals dealing with disabilities and aging. Whether you possess business acumen, disability and ageing knowledge, or a unique perspective shaped by personal experience, your distinctive insights can significantly contribute to our collective endeavours.

Additionally, we are particularly interested in individuals with legal and clinical governance skill sets, but we encourage everyone with a passion for our cause to apply and contribute their valuable perspectives.

Please contact the Allied Health Manager Kate Frame on 6335 9200 or via email at [info@ilct.com.au](mailto:info@ilct.com.au) if you wish to discuss. Applications including a resume and outlining relevant knowledge and experience against the selection criteria may be emailed to [info@ilct.com.au](mailto:info@ilct.com.au). We would like to fill the Board vacancies with regard to the legal and clinical governance skill sets as soon as possible.
