Independent Living Centre Tasmania (ILCT) gives advice about assistive technology. Assistive technology is anything that can help you do a task.

Our health professionals can help you decide what you need, offering information and advice to suit your situation.

Information Service

We have information about thousands of items of equipment with many on display for you to see and try for yourself, including:

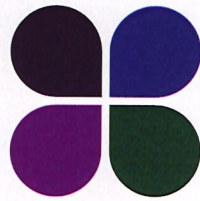

- Scooters, wheelchairs and powered recliners
- Things to help you do household tasks (e.g. cooking, washing and shopping)
- Items to make bathing, dressing and personal care easier and safer
- Specialised products for recreation and leisure
- Communication devices
- Smart home technology

ILCT is not a retailer, however, we can give you details about where to buy or hire the equipment and have information about second hand equipment.

Our health professionals can also advise you about:

- Changes to your home
- Office seating and ergonomics
- Adapting everyday items to assist with daily tasks
- Changing the way you do things, or
- Using a service

ILCT Information Service is a statewide service. Most services are free.

Display Centre

We have large display centres in Hobart and Launceston featuring a wide range of assistive technology. Please make an appointment to see the equipment and speak with a health professional. This is a free service.*

Talks and Equipment Displays

We present talks and equipment displays to groups within Tasmania.

Allied Health Services

We provide Occupational Therapy, Speech Pathology and Physiotherapy services. This can include assessments for equipment aids, home modifications, communication and computer access and more. We are an Access Consultancy and provide education sessions for a fee. We are a registered NDIS provider.
